

## GOVERNMENT OF TRIPURA

# VISION DOCUMENT 2022

## WEST TRIPURA DISTRICT

## **Preface to the “Vision Document-2022” For West Tripura District**

Quit India Movement started in the year 1942. Five years after the start of the movement, India got Independence. Most striking part about Quit India Movement was that it was driven by the ‘People of India’. It was an outcome-based movement which set the future vision of Independent India. Now, 75 years after the start of movement, we as a nation have traveled a long way and became one of the global power and fastest growing economy in the world.

Taking inspiration from the Quit India Movement, the Government of India has started an initiative ‘Sankalp se Siddhi- Achievement through Resolve’. The objective of the initiative is to make this year the ‘Year of Resolve’ wherein we as individuals, community and organization are striving to overcome all the remaining problems and difficulties being faced by the people of this country by 2022, by developing Vision Document through participative and collaborative approach involving multiple stakeholders like Administration, NGOs, students, Universities, Academia, Media and the Community.

The document tries to push the administration to maximum extent possible to achieve the measurable goals by 2022. Already the District has achieved remarkable success in sectors such as Adult Literacy, Financial inclusion etc. Taking the inspiration from the achievements, the District envisions to plan future path of development initiatives. Be it in the field of education, health, e-Governance, sanitation, tourism, rural development, law & order or cultural re-development, achievable goals are being set in all these fields with a clear strategy and vision to achieve the same by the year 2022.

This document aims at analyzing the current status of District in terms of various parameters and strives to accomplish ambitious goals in the next five years so as to produce markedly visible and quantifiable outcomes. District Administration, being the pivot of change in District, shall envision the deficiencies which need attention and find ways to overcome them. Nevertheless, sustainable change in society can only come through social awareness and public participation. In an attempt to achieve the same, feedback and suggestions were invited from all stakeholders and the same have been incorporated into the Vision Document.

**(Dr. Milind Ramteke, IAS)**  
District Magistrate & Collector  
West Tripura District

# **SCHOOL EDUCATION**

Sl. No	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS AND ROADMAP
1	From Quantity to quality	<p>-Enrollment in primary education is now almost 100%, dropouts are very low at primary level but increases in higher grades.</p> <p>-Infrastructure and manpower gap has already been filled up but low attendance of teachers and students in government schools is cause for concern.</p> <p>-Pass percentage in 10<sup>th</sup> Class is very low.</p> <p>-Motivational level of teachers in Government School is low as compared to private schools.</p>	<p><b>To ensure 100 % result in 10<sup>th</sup> &amp; 12<sup>th</sup> Class.</b></p> <p><b>To achieve higher grades in 10<sup>th</sup> and 12<sup>th</sup> class.</b></p> <p><b>To improve motivational level of teachers in government schools.</b></p> <p><b>To involve Information and Technology for improvement of quality.</b></p>	<ul style="list-style-type: none"> <li>• To implement transparency transfer policy for teachers, may be based on software without any political and administrative interference.</li> <li>• Practice of Yoga for students and teachers to improve motivational level.</li> <li>• Aadhar based biometric attendance in all the schools for teachers and students by 2022.</li> <li>• Curb dropouts at the rate of 5% of current levels every year in secondary education by making learning at government schools interesting and participative.</li> <li>• Special focus on education of migratory working population.</li> <li>• To ensure focus on skill based education in the High School level.</li> <li>• Establishment of E-Classrooms in all the Government Schools</li> </ul>

**PLANNING FOR DISABLED  
AND DESTITUTE PEOPLE**

SL. NO.	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	Identification, Certification and Rehabilitation of Differently Able Persons	<p>Presently here are about 5000 Certified disabled people bearing certificates issued by the District Disability rehabilitation Committee (DDRC). However taking the population as 10.00 Lakh the percentage of disabled people come to be very low. Hence special home to home survey was done by the District Administration to identify the eligible left out disabled people in the District,. Accordingly more than 5000 left out number of disabled people have been identified and now special weekly Certifications camps are being organized at Panchayat and Block level by the District Administration through DDRC .</p>	<ul style="list-style-type: none"> <li>• <b>Issuance of Disability Certificates to all eligible PWDs.</b></li> <li>• <b>To prepare a comprehensive database of all PWDs in the District to facilitate identification and rescue at times of Disaster.</b></li> <li>• <b>Rehabilitation and mainstreaming of PWDs.</b></li> </ul>	<p><b>Identification</b></p> <ul style="list-style-type: none"> <li>• <i>Home to home survey of eligible PWDs by Angan Wadi Workers (AWW) after initial training of AWWs in identification of PWDs has already been done. The exercise is to be repeated every 5 years to make necessary inclusions/ exclusions in the list</i></li> <li>• <i>As the eligible left out disabled people have been identified by AWW, now the District administration is organizing Panchayet level and Block level weekly special disability certification camps by DDRC with the help of PRI.</i></li> <li>• <i>It is expected to complete examination and certification of all the 5000 left out disabled people identified by the AWW by December,2018.</i></li> <li>• <i>Disable persons residing in AMC area will be assessed at the weekly OPD at DDRC. Assistant Municipal Commissioners will be held in charge of spreading message about the OPD facility among people.</i></li> </ul> <p><b>Rehabilitation</b></p> <ul style="list-style-type: none"> <li>• <i>DDRC will also facilitate rehabilitation of PWDs by offering corrective surgeries, prosthesis, assistive devices, etc.</i></li> <li>• <i>District Administration shall mobilize funds from various sources to help PWDs get integrated into the mainstream.</i></li> <li>• <i>Efforts shall be made by District Administration to collaborate with other Govt agencies, private players, NGOs, etc. in getting appropriate employment for PWDs as per their capabilities.</i></li> </ul>

2	Rehabilitation of Destitute Women	<p>At present no any Government Scheme is available for rehabilitation of such Destitute Ladies. There are Government Homes/Centers for Old aged , orphan children in the District but not for Destitute Women. Due to rapid urbanization, many such young destitute ladies including are being spotted begging at various places of Agartala City. The District Administration has taken special initiative to construct a 25 room Residential Center/Hostel for such destitute ladies under the Fund from BADP. Already fund of Rs. 50 Lakh allocation has been done. The Center will be constructed on Government Land in the vicinity of Old Aged Home at Narsinghar Agartala. Work may start soon.</p>	<p><b>To create more facilities for stay and rehabilitation of Destitute Women in the District under various schemes.</b></p>	<p><i>Along with the stay , the District Administration is planning to impart some Skill training to all such destitute women in this Center under various schemes for Capacity Building and Skill development such as Mushroom Cultivation, Beautician Courses, Paper Bag making, handicraft Making etc so the these Destitute Women may be able to earn some livelihood on their own.</i></p>

# **HEALTH & FAMILY WELFARE**

Sl. NO.	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	Immunization	Immunization as per HMIS is about 70%. However the State Health Services data indicates immunization percentage to be 90 %.	<b>To ensure 100% Child and Mother's immunization.</b>	<ul style="list-style-type: none"> <li>• Every child and ANC mother to be tracked through mobile tracking system and mobile based apps. Also Mother and Child Tracking System software to be activated.</li> <li>• All the private practitioners and private nursing homes to be integrated in the Mother and Child Tracking System so as to prevent duplication and get authentic data</li> <li>• Special focus to be given on migratory population in tea estates, brick kilns</li> <li>• ASHA workers to be trained to operate mobile apps and Mother and Child Tracking system so as to track every mother and child within time.</li> </ul>
2	100% Institutional Delivery	Institutional Delivery percentage at present 96 %	<b>To ensure 100% institutional delivery.</b>	<ul style="list-style-type: none"> <li>• Tracking each and every ANC mother using mobile Apps and Mother &amp; Child Tracking System.</li> <li>• Special training to ASHA workers to operate Mobile Apps so as to track every ANC mother</li> <li>• Payment of incentive of JSY scheme in DBT Mode in the bank account of mother</li> <li>• Continuous awareness in the prone areas such as Tea Estates, minority areas through participation of PRI members</li> </ul>

3	Quality Specialized Care	<ul style="list-style-type: none"> <li>• There is one private specialty hospital and three Government Hospitals including two medical colleges. There is shortage of specialist doctors; there are no super specialist doctors. Patients from Tripura go to Kolkata, Chennai, and Vellore, etc for treatment.</li> <li>• Hospitals are not neat &amp; clean and always crowded with patients due to relatively less number of beds.</li> </ul>	<p><b>To ensure quality specialty and super specialty care of International Standards.</b></p>	<ul style="list-style-type: none"> <li>• To stop migration of patients outside from Tripura for treatment</li> <li>• To ensure proper sanitation and cleanliness in all the government hospitals</li> <li>• To ensure recruitment of specialist and super specialist doctors</li> <li>• Procurement of essential diagnostic equipment and instruments</li> <li>• To call the super specialist doctors from Kolkata, New Delhi etc on visiting basis</li> </ul>
5	Lifestyle diseases	<ul style="list-style-type: none"> <li>• Lifestyle diseases are on the rise in Agartala</li> <li>• Incidences of diabetes, cardiovascular ailments rising</li> </ul>	<p><b>To focus on healthy lifestyle</b></p>	<ul style="list-style-type: none"> <li>• Promote alternate medicine and health practices like Yoga</li> <li>• Spread awareness about hazards of sedentary lifestyle</li> <li>• To create various amenities for public such as walkways, pathways, cycle lanes etc</li> </ul>
6	Epidemic and Communicable Diseases Management	<ul style="list-style-type: none"> <li>• High incidences of diseases like Malaria</li> <li>• Other infectious diseases like waterborne diseases such as diarrhea and dysentery.</li> </ul>	<p><b>• To take preventive as well and curative measures to reduce the incidences of seasonal diseases and perennial problems like Malaria by acting on their root cause and hence lowering chances of occurrence by 50% in five years</b></p>	<ul style="list-style-type: none"> <li>• Training of ASHA worker to ensure spot testing of all the fever patients using malaria diagnostic kits</li> <li>• Early case detection and complete treatment.</li> <li>• Strengthening of referral services.</li> <li>• Integrated Vector Management</li> <li>• Supportive Interventions</li> <li>• Behavior Change Communication such as cleaning of the premises and use of mosquito nets while sleeping.</li> </ul>

# **SANITATION & CLEANLINESS**

Sl. NO.	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	Sanitation(Individual Household Sanitary Toilets) in all the houses in Rural and Urban Areas	<ul style="list-style-type: none"> <li>• In rural areas 74% households are having sanitary toilets</li> <li>• In Urban area, 76% Households are having Sanitary Toilets</li> <li>• Very few community toilets in Rural areas</li> </ul>	<p><b>Sanitary Toilets in all the household by the year 2018 in Rural areas and by 2019 in Urban areas</b></p> <p><b>Community sanitary toilets in all the market/ Motorstand areas of Rural areas by 2019</b></p>	<ul style="list-style-type: none"> <li>• Construction of sanitary toilets for remaining 26% households in Rural areas from the available fund of Swacch Bharat Mission, Swacch Bharat Kosh, MGNREGA etc by 2018.</li> <li>• Construction of sanitary toilets in all the remaining 24% households (mostly urban slums) under Swacch Bharat Mission (Urban) and under PMAY(Urban) by 2019</li> <li>• Construction of sanitary community toilets with separate toilets for ladies under Swacch Bharat Mission Fund, Fund from MPLAD, BADP etc in all markets/ motor stands in Rural areas which will be maintained and operated by the Market Committee/ Motor stand Committee.</li> </ul>
2	School Sanitation	All the Government schools are having sanitary toilets separate for girls and boys but many are in dysfunctional condition due to need of repair and lack of water facility. Only 80 % Anganwadi Centers are having toilets and many of them are dysfunctional	<p><b>To make every toilet in all the Government Schools functional and clean and neat.</b></p> <p><b>To construct toilets in all the remaining AWCs by 2019 and to maintain them in clean and neat condition</b></p>	<ul style="list-style-type: none"> <li>• By making all the dysfunctional school toilets functional by 2019 with arrangement of water using Panchayat Development Fund (PDF)</li> <li>• Target to construct toilets at all the remaining Anganwadi Centers under various funds such as PDF, Swachh Bharat Mission etc by 2019.</li> <li>• To train and motivate all the Anganwadi workers to maintain the toilets in clean and neat condition</li> <li>• To ensure hand washing practice with soap compulsory for all the teachers/ Anganwadi workers and students in every schools and Anganwadi</li> </ul>

				<p><i>Centers</i></p> <ul style="list-style-type: none"> <li>• <i>Every Government and Private school teacher to teach cleanliness and sanitation topic to all the students in all the government and private at least for half an hour every day in the beginning so as to inculcate cleanliness and sanitation practices as part of their day to day life.</i></li> </ul>
3	Community Awareness cleanliness for	Due to Swacch Bharat Mission campaign in schools and at village level sense of cleanliness and sanitation is rising among people.	<b>To make Sanitation &amp; cleanliness awareness part of each and every programme/ function and each and every forum so as to assimilate cleanliness and sanitary practices by the people as their day to day routine</b>	<ul style="list-style-type: none"> <li>• <i>To make the ongoing awareness campaign about cleanliness and sanitation more intensive with emphasis on involvement of local community leaders and Panchayat members so as to project them as social change models for public.</i></li> </ul>

# **TOURISM**

Sl. NO.	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	<b>Economic Progress through Tourism</b>	<ul style="list-style-type: none"> <li>• Huge scope of development for tourism in West Tripura District.</li> <li>• Availability of very good air connectivity from Agartala to various parts of country</li> <li>• Reliable Rail Connectivity from Agartala Railway station</li> <li>• Availability standard of accommodation facility for tourist at Agartala such as 3 star and 4 star Hotels, State Guest House, Geetanjali Government Tourist Guest House etc.</li> <li>• Availability of chopper service for tourist from Agartala Airport to different parts of the state of Tripura.</li> <li>• 17 number of lush green Tea Estates in the District</li> <li>• Availability of various places of religious significance and heritage destination in and around West Tripura District.</li> </ul>	<ul style="list-style-type: none"> <li>• <b>To make Agartala a tourist destination hub</b></li> <li>• <b>Sustainable income generation and employment creation through Tourism</b></li> <li>• <b>Promotion of Tea Estate Tourism, Ecotourism &amp; Cultural Tourism</b></li> <li>• <b>To promote adventure Tourism such as hill tracking in Baramura Hills, Water Sports in Dumboor Lake etc with the help of the State Government.</b></li> </ul>	<ul style="list-style-type: none"> <li>• <i>To develop Religious Tourism Circuit all over Tripura.</i></li> <li>• <i>To promote private entrepreneurship in Tourism sector.</i></li> <li>• <i>To train professional tourist guides and other manpower to tap tourist flow to the District</i></li> <li>• <i>To promote private entrepreneurs to set up star category hotels in and around Agartala for comfortable stay for tourists</i></li> <li>• <i>To arrange quality transportation for the tourists to and fro from their destinations</i></li> <li>• <i>To professionalize staff of State Government Tourism Department by special training</i></li> <li>• <i>To make available skilled manpower by outsourcing</i></li> <li>• <i>To ensure facilities and food quality and variety at various government Guest Houses</i></li> <li>• <i>To make dedicated chopper services available for tourists at various locations in the State.</i></li> <li>• <i>To make tie-ups with various North Eastern and Eastern India's Tourist Companies/ Agencies for making available subsidized tourist packages available for entire Tripura State.</i></li> <li>• <i>Proper pan India Advertisement of Tourism destinations in Tripura to attract Tourists.</i></li> <li>• <i>To involve local tribes to set up small resorts and home-stays in their houses to attract tourists</i></li> <li>• <i>To set up small resorts/ huts in the Baramura Hill range to promote Adventure Tourism such as hill trekking &amp; stay with local tribal people to learn and assimilate their unique way of living and culture</i></li> </ul>

# **ELECTRICITY & ENERGY EFFICIENCY**

Sl. NO.	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	Reduction of transmission and distribution losses	<ul style="list-style-type: none"> <li>Major reason for T &amp; D losses is illegal theft of power by some antisocial elements.</li> </ul>	<ul style="list-style-type: none"> <li>To reduce T &amp; D losses due to theft of power to zero level</li> </ul>	<ul style="list-style-type: none"> <li>By strict enforcement of Electricity Act 2003 and thereby taking police actions against the anti-social elements who indulge in theft of power by hook lines.</li> </ul>
2	New agriculture connection to the farmers	<ul style="list-style-type: none"> <li>-High rate of pendency of applications about 12000</li> </ul>	<ul style="list-style-type: none"> <li>Tripura State Electricity Corporation Ltd (TSECL) is planning to clear all pending AG registered applications in stages and make the process equally convenient and fast as industrial connection by 2022</li> </ul>	<ul style="list-style-type: none"> <li>By clearing approximately 5000 of pending applications every year</li> </ul>
3	Undergrounding of power cables	<ul style="list-style-type: none"> <li>At present, the network is provided power supply through overhead lines both HT and LT networks</li> </ul>	<ul style="list-style-type: none"> <li>Our vision to provide the power supply through underground cables at least Agartala City 2022</li> </ul>	<ul style="list-style-type: none"> <li>Replacement of existing overhead network by underground cables under Smart City Scheme and other schemes of the State Government.</li> </ul>
4	To promote clean and green energy such as Solar Power	<ul style="list-style-type: none"> <li>At present the solar power generation in the District and State of Tripura is almost Nil.</li> </ul>	<ul style="list-style-type: none"> <li>To ensure generation of 5 % solar energy in entire District and 10 % Solar energy for Agartala City</li> <li>To give LPG connection to every household under the PM Ujjwala Scheme to replace more polluting and lesser efficient fire wood for cooking food</li> </ul>	<ul style="list-style-type: none"> <li>To ensure construction of 5 MW solar panel platform on 25 acre of land under Agartala city under Smart City Project so as to cater the power need of 10 % of houses (approximately 10000 houses)</li> <li>By encouraging the consumers to adopt the solar rooftops and solar pump sets in Rural and Urban areas</li> <li>Educating and creating awareness among the public regarding energy efficiency and use of clean and green energy</li> </ul>

5	Revenue collection through net banking and Common Service Centers	<ul style="list-style-type: none"> <li>• Digital payment facilities not universally covered</li> </ul>	<ul style="list-style-type: none"> <li>• <b>Digital payment facilities will be enhanced to 50% with the present available establishment and with increased banking facilities , it shall be lifted further to more than 90 % in next 5 yrs</b></li> </ul>	<ul style="list-style-type: none"> <li>• <i>By developing awareness among the customers to make payments of their dues digitally through Common Service Centers and through mobile based e-payment platforms like PAYTM</i></li> </ul>
6	Energy Efficiency	<ul style="list-style-type: none"> <li>• Wastage of energy at various levels such as government offices, households etc.</li> <li>• However West Tripura District administration is one of the very few District Administration who has installed energy efficient street lightings in all the four Urban Local Bodies including the Agartala Municipal Corporation in collaboration with EESL.</li> </ul>	<ul style="list-style-type: none"> <li>• <b>To achieve 10 % of energy efficiency by various means</b></li> </ul>	<ul style="list-style-type: none"> <li>• <i>By promotion and awareness of LED lights in households</i></li> <li>• <i>By promotion of LED Street Lighting all the Rural habitations</i></li> <li>• <i>By conducting energy audit of all the Government Buildings and Institutions and also of various private buildings so as to assess the energy wastage by the Government offices involving Energy Efficiency Services Limited (EESL)- a Govt. of India PSU</i></li> <li>• <i>By amending the Tripura Building Rules so as to include various energy efficiency measures and codes for all the future buildings.</i></li> <li>• <i>To ensure that the sunlight should percolate inside the rooms of government and private offices/institutions in day time by putting transparent glass windows instead of tinted glass window, by not putting curtains over the window in day time, by constructing big size windows etc .</i>  <i>-Percolation of sufficient sunlight will eliminate the need of switching on lights in the day time in offices thus saving lot of energy.</i></li> <li>• <i>By teaching and motivating the Government employees and officers to switch off the buttons of lights and fans wherever it is not needed and also by making it habit to switch off all the lights and fans</i></li> </ul>

				<p><i>in the office rooms, corridors while leaving the office.</i></p> <ul style="list-style-type: none"> <li>• <i>By replacing the old fans with new fans, by taking out ceiling fans in the corridors where they are not needed, by replacing all the tube lights and incandescent bulbs with the LED lights etc.</i></li> <li>• <i>By making it compulsory school curriculum to teach all the students in all the schools daily at least for 15 minutes about the importance of energy saving, prevention of energy wastage in homes and schools, promotion of LED lights, various energy efficiency measures etc.</i></li> </ul>
7	Electric Connections to all the Household	<ul style="list-style-type: none"> <li>• At present all the habitations/ Hamlets are electrified but there are still some households without electric Connection</li> </ul>	<ul style="list-style-type: none"> <li>• <b>To provide electric connection to each and every household by 2020</b></li> </ul>	<ul style="list-style-type: none"> <li>• <i>Under Saubhagya Scheme, electric connections will be provided to the entire remaining unelectrified household. Electric Department is preparing state-wide DPR for the same to submit it to the Government of India.</i></li> <li>• <b><i>Under Deen Dayal Upadhyaya Gram Jyoti Yojana the following visions to be implemented</i></b> <ul style="list-style-type: none"> <li>• <i>To provide electrification to all villages</i></li> <li>• <i>Feeder separation to ensure sufficient power to farmers and regular supply to other consumers</i></li> <li>• <i>Improvement of Sub-transmission and distribution network to improve the quality and reliability of the supply</i></li> <li>• <i>Metering to reduce the losses</i></li> </ul> </li> </ul>

# **ROAD SAFETY**

Sl. NO.	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	E-Governance	<ul style="list-style-type: none"> <li>• Every applicant has to visit in person to the office of the RTO/ Jt Transport Commissioner for filling up of forms for various purposes such as New driving license applications, vehicle registration certificate applications, applications for renewal of old driving licenses</li> <li>• Frequent reports of menace of touts and middlemen</li> </ul>	<ul style="list-style-type: none"> <li>• <b>Online issue of new driving licenses and online renewal of old driving licenses so as to eliminate the menace of touts and middlemen</b></li> <li>• <b>Online payment of vehicle taxation and fine through PAYTM or through internet by payment gate way system</b></li> </ul>	<ul style="list-style-type: none"> <li>• <i>New driving license applications, vehicle registration certificate applications, applications for renewal of old driving licenses, etc to be accepted online by the RTO Office.</i></li> <li>• <i>For rural areas where there may be some difficulty to the public to fill up online applications, assistance will be provided through Common Service Centers (CSCs)</i></li> </ul>
2	Electronic checking and fine system	Fine system is physical. No electronic devices available with traffic police at present.	<b>To provide sufficient electronic devices to traffic Police so as to ensure electronic fine system</b>	<i>Matter will be forwarded to the State Government to provide funding to procure sufficient number of electronic devices for vehicle fine system.</i>
3	Road safety in education curriculum at school level	Not in syllabus	<b>To include road safety curriculum in school syllabus</b>	<i>Matter shall be brought to the notice of the School Education Department Government of Tripura for taking necessary action.</i>
5	Black Spots (accident Prone spots) on all the roads i.e. National Highways and State Highways and other black topped roads.	Black spots identified only on National Highways	<b>To identify Black Spots State Highways and all other black topped roads in the District by 2018</b>	<i>After identification of black spots necessary measures shall be taken to install proper road signage, speed breakers, warning signals, road surface and road banking improvement etc immediately so as to prevent further accidents.</i>
6	Electronic Traffic Signaling System	<ul style="list-style-type: none"> <li>• Not available at present in any urban areas even under Agartala Municipal Corporation</li> <li>• Traffic Police control traffic manually which is now getting beyond their control</li> </ul>	<ul style="list-style-type: none"> <li>• <b>Electronic Traffic Signaling System installed at seven locations in Agartala</b></li> <li>• <b>Training of Traffic Police is under progress</b></li> <li>• <b>Electronic Traffic Signaling System at four locations will be inaugurated/started within first week of January 2018</b></li> </ul>	<ul style="list-style-type: none"> <li>• <i>Electronic Traffic Signaling System with modern Integrated Traffic Management System with central control and monitoring system, modern number plate recognition system, CCTV cameras etc will be installed at all the squares and tri-junctions of Agartala City under Smart City Mission by 2019</i></li> <li>• <i>Electronic Traffic Signaling System will be installed in all the other three ULBs in the District by 2019.</i></li> </ul>

# **RAIL, ROAD & AIR CONNECTIVITY**

Sl. NO	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	Road Connectivity	<ul style="list-style-type: none"> <li>The entire 172 village Panchayats are connected with all weather roads constructed under Pradhan Mantri Gram Sadak Yojna (PMGSY).</li> <li>Out of 151 Total numbers of projects under PMGSY 132 projects completed up to March 2017. By-Laning (broadening) of NH 44 which crosses across the District is taking place by National Highway Authority of India.</li> <li>Another National Highway 108 B from Khowai-Mohanpur-Agartala needs widening and development.</li> </ul>	<b>All weather connectivity to each and every habitation under District</b>	<ul style="list-style-type: none"> <li>To complete remaining 19 works under PMGSY by March 2018</li> <li>To ensure proper maintenance and up gradation of all the PMGSY roads by 2022</li> <li>To develop NH-44 development work by December 2018</li> <li>To develop NH 108 B by 2020.</li> </ul>
2	Rail Connectivity	<ul style="list-style-type: none"> <li>Agartala Railway station is main Railway station of Tripura. Recently broad-gauge Railway started directly from the other part of country. There are two direct trains 1. Rajdhani Express &amp; 2. Kanchanajungha express which runs once in week. On 5<sup>th</sup> January direct AC train namely Humsafar Express started from Agartala for Bengluru.</li> <li>Work on Agartala- Akhaura international Railway project between Agartala (Tripura) and Akhura (Bangladesh) has started since October 2017. IRCON company is working on the project. The District Administration acquired land for this project and handed over the land to IRCON in September 2017.</li> </ul>	<b>Agartala Railway station as one of the most important Railway Station of North East India and also an International Railway station</b>	<ul style="list-style-type: none"> <li>To complete the work of Agartala-Akhaura railway line construction within estimated time frame.</li> <li>To acquire remaining land for the Agartala-Akhaura railway line project beyond the Indo Bangladesh Border (IBB) fence on Indian side by January 2018 so as to start second phase of Akhaura-Agartala Railway Line project by IRCON.</li> </ul>

4	Air connectivity	<ul style="list-style-type: none"> <li>• Agartala Airport is 2<sup>nd</sup> busiest Airport in North East India after Guwahati with night landing facility and flight connectivity with Kolkata, New Delhi, Bangluru, Chennai, Hyderabad etc. Air traffic from Agartala Airport is increasing rapidly every year.</li> <li>• Development work of modern Terminus of Agartala Airport has already started by Airport Authority (AAI) of India. The District Administration has acquired 76 acres of land and handed over to AAI, Agartala.</li> </ul>	<p><b>To develop Agartala airport as modern International Airport of North East India.</b></p>	<ul style="list-style-type: none"> <li>• To ensure completion of development work of modern Terminus of Agartala Airport by 2019</li> </ul>

# HOUSING

Sl. NO.	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	Urban Housing	Under PMAY(U), 21288 have been sanctioned in the District. The Work of construction of houses is under progress.	<b>All the 42426 PMAY (U) houses including 1<sup>st</sup> phase (21292 houses) and 2<sup>nd</sup> phase (21134 houses) to be completed by 2022.</b>	<i>Already 2<sup>nd</sup> DPR for 21134 numbers of remaining PMAY beneficiaries without pucca houses have been sent to the Ministry of Human Urban Poverty Alleviation (MoHUPA), Government of India under PMAY Urban Scheme. It is hopeful that the scheme will be sanctioned.</i>
2	Rural Housing	Under PMAY (G) at present 2055 Rural houses have been constructed out of 4424 eligible beneficiaries for PMAY (G) as per SECC database.	<b>To complete remaining 2369 PMAY (G) houses as per SECC database by 2020.</b>	<i>The houses will be completed under PMAY (G) Scheme along with State Government sponsored Scheme namely Tripura State Government Housing Scheme (TSGHS) for housing by 2022.</i>

# **TRIBAL WELFARE**

Sl. NO.	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	Forest Patta allotment	5150 number Forest patta under Forest Right Act 2006 have been distributed amounting to total 8053 Hectares of Forest land.	<b>To provide forest patta to all the forest dwelling Tribal families</b>	<i>Already achieved.</i> -
2	Incorporation of Forest Pattas Revenue Khatian	Only 80 cases	<b>To incorporate all the Forest patta distributed into Revenue Land records by 2018.</b>	<i>Work under progress.</i>
3	Housing	65-70 % Families provided with some sort of Housing	<b>Housing for all the remaining tribal families by 2022</b>	<i>To provide housing to all the remaining Tribal families on Forest patta land under PMAY (Grameen) and under Tripura State Housing Scheme</i>
4	Development Schemes	55-60 % families have been provided with some kind of Asset for sustainable income generation	<b>MGNREGA livelihood development projects such as Orchards, Rubber plantation, Bamboo Plantation, Water bodies for pisciculture etc</b>	<i>To converge all the development schemes for welfare of Tribal people so as to create sustainable income generating assets for all the needy tribal families in the District.</i>
5	Vanbandhu Kalyan Yojana	No scheme under implementation for holistic development of tribal community	<ul style="list-style-type: none"> <li>• <b>Improving the quality of life in tribal areas</b></li> <li>• <b>Improving the quality of education</b></li> <li>• <b>Qualitative and sustainable employment for tribal families</b></li> <li>• <b>Bridging infrastructure gaps with focus on quality Protection of tribal culture and heritage</b></li> </ul>	<i>The scheme shall be implemented on urgent basis</i>

# **FOREST & ENVIRONMENT**

SR. NO	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	Increase in green cover	At present the green cover of Tripura is 60 %. However the tree cover is reducing fast after the allotment of forest land to tribal families as per the Provisions of Forest Right Act 2006.	<b>To ensure increase of 10 % green cover by 2022</b>  <b>Geo-mapping of potential sites for afforestation</b>	<i>To take up forestation under MGNREGA and other schemes by involving community participation.</i>
2	Agro forestry	Agro forestry with species like casuarinas, pomegranate, mango	<b>To promote agro forestry plantations with high value species like sandalwood, malabar neem, date palm, saragvo, pomegranate to boost farm incomes.</b>	<i>Annual 1000 ha starting 2018-19 through high value species helps to augment the income sources of farmers</i>
3	Digitization of transit permit system for timber transportation	Physical issue of transit pass	<b>Online request for transit permit and online approval by forest Department</b>	<i>To ensure end to end digitalization to helps in ease of getting transit permit and supports Ease of Doing Business.</i>
4	Awareness for afforestation	At present no much emphasis is given on awareness of afforestation.	<b>To involve all the students, teachers, NGOs, Social clubs.</b>	<ul style="list-style-type: none"> <li><i>To spare at least 15 minutes in all the schools everyday for discussion of afforestation and sustainable development.</i></li> <li><i>To involve community at large for awareness generation for afforestation and Sustainable Development.</i></li> </ul>

# **LAND RECORDS MANAGEMENT**

Sl. NO.	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	Land revenue and land record management	<ul style="list-style-type: none"> <li>• All the revenue maps have been digitized. However the digital maps records are not integrated with Mutation and Registration</li> <li>• Mutation process is offline. However there is no any pendency of mutation under West Tripura District.</li> <li>• Digitization of old legacy data in Collectorate and sub registrar offices is yet to be done. The old land records are in paper forms.</li> </ul>	<ul style="list-style-type: none"> <li>• <b>To integrate mutation process with the Registration of Property.</b></li> <li>• <b>Digitization of all the legacy data in Sub Registrar &amp; Collector Offices</b></li> </ul>	<ul style="list-style-type: none"> <li>• <i>To establish digital link of Sub Registrar Offices to Mutation process so as to avoid the delay in mutation and to ensure transparency, accountability in the system.</i></li> <li>• <i>Digitization of all old legacy data/ old land records and papers in sub registrar offices by 2022.</i></li> </ul>

# **AGRICULTURE & ALLIED SECTORS**

Sl. NO.	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	Agriculture/ Horticulture	<ul style="list-style-type: none"> <li>• Less focus on organic agricultural production</li> <li>• Relatively insufficient production of vegetable, fruits and other agriculture products</li> </ul>	<ul style="list-style-type: none"> <li>• <b>To ensure at least 10% organic agricultural products by 2022</b></li> <li>• <b>To increase agriculture and horticulture production by 10% by 2022</b></li> <li>• <b>To provide insurance coverage to all the farmers by 2022</b></li> </ul> <p><b>Pradhan Mantri Fasal Bima Yojana</b></p> <p>a) Providing financial support to farmers suffering crop loss/damage arising out of unforeseen events</p> <p>b) Stabilizing the income of farmers to ensure their continuance in farming</p> <p>c) Encouraging farmers to adopt innovative and modern agricultural practices</p> <p>d) Ensuring flow of credit to the agriculture sector; which will contribute to food security, crop diversification and enhancing growth and competitiveness of agriculture sector besides protecting farmers from production risks</p>	<ul style="list-style-type: none"> <li>• <i>To focus on the production of green manures for agriculture such as Vermin Compost under MGNREGA and other schemes. The target is to construct 1000 Household vermin compost units per year in the district so as to generate at least 10% vermin compost by 2022 in the district which will reduce the use of chemical manures by 10% by 2022.</i></li> <li>• <i>To increase production of Agriculture and horticulture products by 10% by 2022 by ensuring proper irrigation and by increasing the crop intensity by 10%</i></li> <li>• <i>Insurance coverage to all the farmers will be provided through Pradhan Mantri Fasal Bima Yojna (PMFBY)</i></li> <li>• <i>To provide KCC loans to all the farmers as per the target by 2019.</i></li> <li>• <i>To provide training and technical support to all the farmers in the district through Central Agricultural College in the District and through ICAR.</i></li> <li>• <i>To promote farm mechanisation by use of power tillers</i></li> </ul>

2	Fishery	<p>Per capita fish production is above national average. However due to cultural factors, there is very high demand of fish. Hence fish is imported from outside the state i.e. from Andhra Pradesh, West Bengal, Bangladesh etc. Thus the District and the State is losing huge revenue due to less production of fish.</p>	<p><b>To increase production of fish by 20% by 2022</b></p>	<ul style="list-style-type: none"> <li>• <i>By focusing on increase of inland fish production by creating fish ponds, water bodies, check dams etc under MGNREGA and other related schemes.</i></li> <li>• <i>To provide technical assistance and training to the Fish farmers through Central Fishery College located at Lembucherra in the District.</i></li> <li>• <i>To make available KCC loans to all the sponsored cases of Fish farmers by 2018</i></li> </ul>
3	Animal Resource Development	<ul style="list-style-type: none"> <li>• Presently milk production in the District is much below national average.</li> <li>• There is shortage of eggs due to which the rate per egg is increasing in the market.</li> </ul>	<p><b>To increase milk production in the District by 5% per year, thus 20% by 2022</b></p> <p><b>To increase egg production by 10% each year i.e. 50% by 2022</b></p>	<ul style="list-style-type: none"> <li>• <i>Fodder cultivation to be promoted through MGNREGA</i></li> <li>• <i>Breed improvement by artificial insemination</i></li> <li>• <i>Availability of loan to farmers to purchase high quality breeds of cows.</i></li> <li>• <i>To construct nine numbers of 2000 chicks capacity brooder houses one per each RD Block under MGNREGA to promote production of poultry meat and eggs.</i></li> </ul>

# **WATER CONSERVATION**

Sl. NO.	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	Potable Drinking Water to all the habitations	<ul style="list-style-type: none"> <li>95% habitations have piped drinking water facility and other 5% have some source of potable drinking water.</li> <li>In Urban area only 40% of household are being provided with piped drinking water</li> <li>Wastage of drinking water is very high in Rural areas as well as urban areas.</li> <li>In Agartala city there will be total 16 Water Treatment Plants by 2020</li> </ul>	<ul style="list-style-type: none"> <li>To reduce wastage of drinking water to 100% by 2022</li> <li>To ensure piped drinking water to all the urban household by 2022</li> </ul>	<ul style="list-style-type: none"> <li>Installation of permanent modern water taps which cannot be stolen or damaged by anti social elements.</li> <li>To promote individual water connection in all the Urban Houses</li> <li>To create awareness for conservation of drinking water mainly through schools. Every day all the teachers should brief students for 5-10 minutes in all the government &amp; private schools for water conservation</li> </ul>
2	Rain Water Harvesting	<ul style="list-style-type: none"> <li>In West Tripura district there is over-exploitation of ground water.</li> <li>Quality of ground water is deteriorating day by day.</li> </ul>	To promote rainwater harvesting for recharging of ground water	To create sufficient number of rainwater harvesting structures and water sheds under MGNREGA in all the villages so as to increase the percentage of recharging of water by 50 % by 2022

# **UNIVERSAL IRRIGATION COVERAGE**

SL. NO.	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	Irrigation	In West Tripura District, total area of land under cultivation is 10079 Hectares. Out of this, 8066 Hectares is rain-fed till beginning of 2017. The efficiency of water use is also not up to the mark.	<ul style="list-style-type: none"> <li>• <b>Expand cultivable land under assured irrigation by convergence of development Schemes.</b></li> <li>• <b>Improve water-use efficiency</b></li> <li>• <b>Recharge of aquifers</b></li> <li>• <b>Pradhan Mantri Krishi Sinchayee Yojana (PMKSY) under which emphasis shall be laid on Universal Irrigation coverage- 'Har Khet ko pani' and Watershed Management for development of village irrigation system in a comprehensive manner.</b></li> </ul>	<ul style="list-style-type: none"> <li>• <i>Convergence of funds from MGNREGA and line departments at field level to achieve 100% assured irrigation (Sab Khet Jal)</i></li> <li>• <i>Use Government funds in installation of water efficient technology like drip irrigation and sprinklers (More Crop per Drop)</i></li> <li>• <i>Motivate farmers to adopt water efficient practices like drip irrigation and sprinklers</i></li> <li>• <i>Adopt scientifically-proven 'Watershed Management' for development of whole village in a holistic manner</i></li> </ul>

# **MUNICIPAL GOVERNANCE**

Sl. NO.	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	Sanitation and Water	Door to door collection is not 100%. Solid Waste Management is not modern. Sewage system doesn't cover 100% population.	<b>To make cities of Agartala as better places to live in by improving hygiene and at the same time by scientific disposal and management of municipal waste</b>	<ul style="list-style-type: none"> <li>• To ensure that metering of the taps is done almost 100% for ensuring judicious use of water</li> <li>• To upgrade and overhaul sewage system of the major cities to prevent urban flooding due to heavy rains</li> <li>• Provide more waste bins at various locations of the cities</li> <li>• Up gradation of storm water carrying drains</li> <li>• Encourage industries like Welspun to augment waste water treatment</li> </ul>
2	Recreation	<ul style="list-style-type: none"> <li>• Heritage Park, Rabindra Kanan, Nehru park exists</li> </ul>	<b>To make gardens and landscaping integral part of urban design in coming years</b>	<ul style="list-style-type: none"> <li>• Increase number of gardens and amusement parks</li> <li>• Focus on landscaping to reduce pollution and make city look clean</li> </ul>
3	Lighting	<ul style="list-style-type: none"> <li>• Incandescent lighting</li> <li>• CFLs</li> </ul>	<b>To make lighting as the crucial part of making the cities of Agartala as Smart Cities</b>	<ul style="list-style-type: none"> <li>• Promote usage of LED bulbs</li> <li>• To also promote solar lighting</li> <li>• To promote renewable sources of energy for less pollution</li> </ul>
4	Tax Collection	<ul style="list-style-type: none"> <li>• Mostly payments are made by cash or banks</li> <li>• Tax compliance is not very high</li> </ul>	<b>To make tax payments easier for the citizen and at the same time increasing compliance and thus making it a win-win situation.</b>	<ul style="list-style-type: none"> <li>• Tax payer facility QR code system with bill and bank linkage</li> <li>• To enhance municipal funds through higher local tax collections and compliance.</li> </ul>
5	Safety and other amenities	<ul style="list-style-type: none"> <li>• Less number of CCTVs</li> <li>• WiFi hotspots only at a very few place</li> </ul>	<b>To transform municipalities beyond cleaning bodies into diverse role of city managers</b>	<ul style="list-style-type: none"> <li>• WiFi hotspot on places at Agartala city</li> <li>• More number of CCTV cameras across the cities</li> </ul>

# **DISASTER MANAGEMENT**

SL. NO.	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	Disaster preparedness	Police, nearby stationed armed forces and disaster management department responsible for management of any disaster	<b>Disaster Management to be applied in its holistic sense from prevention to mitigation to rehabilitation.</b>	<ul style="list-style-type: none"> <li>• Training to be imparted to staff in general</li> <li>• Mock drills to be conducted with the larger public in schools and public institutions</li> <li>• Support of specialized forces like NDRF to be sought</li> <li>• Resources mapping for disaster preparedness</li> </ul>
2	District Emergency Operation Centre (DEOC)	-A District Emergency Operation Centre (DEOC) is functional at the DM Office	<b>-To make state-of-art DEOC</b>	<ul style="list-style-type: none"> <li>• Well marked separate cupboards for DDMP, maps, manuals, SOPs, etc.</li> <li>• First-aid facility for the staff manning DEOC</li> <li>• Supplementation of means of communication with wireless sets- both police and civil, satellite phones, hotlines and VSAT</li> <li>• Training of DEOC Operators in Computer, communication and data management</li> </ul>
3	Flood		<b>Making West Tripura District flood resilient</b>	<ul style="list-style-type: none"> <li>• <b>Prevention</b></li> <li>• -Building of check-dams on Baramura Hills- this will reduce the quantity of water flowing down from Baramura Hills to Howrah and Katakhal rivers. Velocity of water will also reduce giving more time for preparation of upcoming floods.</li> <li>• -River Dredging- it will increase the water carrying capacity of rivers resulting in lesser overflow of flood waters in living areas.</li> <li>• <b>Mitigation</b></li> <li>• -Removal of households from floodplains and relocation at higher altitude.</li> <li>• -Conservation of traditional</li> </ul>

				<p>ponds in the District which act as natural sponges to excessive water. Only scientific conversion of ponds for other purposes.</p> <ul style="list-style-type: none"> <li>• -Periodic mock-drills involving the community especially the disadvantaged sections like old age, disabled, morbid individuals, etc.</li> </ul> <p><b>Rescue</b></p> <ul style="list-style-type: none"> <li>• Early dissemination of warnings and alerts in visual, audio and signage formats.</li> <li>• Provision of adequate number of equipments in right condition at strategic places around the District.</li> <li>• Regular training of manpower involved in relief and rescue operations.</li> <li>• <b>Relief</b></li> <li>• Relief camps to be made accessible to Old, Disabled and sick.</li> <li>• <b>Reconstruction</b></li> <li>• No houses to be built in floodplains.</li> <li>• Pucca concrete houses which are also earthquake-resilient.</li> </ul>
4	Earthquake		<p><b>Making West Tripura District earthquake-resilient</b></p>	<p><b>Mitigation</b></p> <ul style="list-style-type: none"> <li>• Earthquake Disaster Risk Index (EDRI) Survey in Agartala city to ascertain level of proneness of buildings</li> <li>• Retrofitting of all public buildings to make them earthquake-resilient.</li> <li>• School Safety Mock Exercises conducted in all schools once every year</li> </ul> <p><b>Rescue</b></p> <ul style="list-style-type: none"> <li>• Procurement of equipments to detect signs of life under debris.</li> <li>• Procurement of equipments for removal of debris.</li> </ul>

				<ul style="list-style-type: none"> <li>• <i>Alternate lines of communication like wireless, satellite phones, VSAT, etc available with important Government functionaries.</i></li> <li>• <i>Training of manpower in rescue operations. Also Mock Drills in every locality, offices and market place at least once every year so that local people manage the crisis till specialized help arrives.</i></li> </ul> <p><b>Relief</b></p> <ul style="list-style-type: none"> <li>• <i>Adequate number of earthquake-resilient shelters to accommodate the evacuated.</i></li> </ul> <p><b>Reconstruction</b></p> <ul style="list-style-type: none"> <li>• <i>Earthquake planning to be integrated with town planning.</i></li> <li>• <i>Municipal permission to be granted to only those buildings that are earthquake-resilient.</i></li> <li>• <i>All public buildings compulsorily to be made earthquake-resilient.</i></li> </ul>
--	--	--	--	---

# **E-GOVERNANCE**

SL. NO.	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	Issuance of essential certificates to students	<ul style="list-style-type: none"> <li>Huge March Rush in SDM Offices and Tehsils when admission time approaches</li> </ul>	<b>The student community shall be provided with the income, caste and other certificates within the campus of the school</b>	<ul style="list-style-type: none"> <li>Representatives of revenue and teaching department to coordinate this activity</li> </ul>
2	Payment of beneficiaries especially widows, disabled and old at their doorstep by using the micro ATMs	<ul style="list-style-type: none"> <li>DBT has eliminated the middlemen, but going to bans or ATMs is cumbersome for a section of population</li> </ul>	<b>Moving from benefits in accounts to benefits in hands right at the door steps</b>	<ul style="list-style-type: none"> <li>Banks to provide micro ATMs and Bank representatives for this service</li> <li>100% registrations and monitoring of such transactions to avoid complains and inconvenience to the citizens</li> <li>State of the art ICT equipments to be provided to the Bank Representatives for a seamless transaction process</li> </ul>
3	E-Governance	<ul style="list-style-type: none"> <li>Convergence of government data base is at nascent stage</li> <li>E-Gram Panchayats are also fledgling</li> </ul>	<b>To provide services and information in the mobile of the citizens in West Tripura District by moving from e-Governance to m-Governance</b>	<ul style="list-style-type: none"> <li>Facilitation of complaint registration online</li> <li>Introduce many more forms and application online, no need to come to government offices</li> </ul>
4	New offices, buildings, facilities and monuments to serve citizens	<ul style="list-style-type: none"> <li>Many of office buildings in the dilapidated conditions</li> <li>Due to poor maintenance, many toilets of some offices are not functional</li> </ul>	<b>To construct new office building and Toilets.</b>	<ul style="list-style-type: none"> <li>New Model Building For Tehsil Office with modern amenities</li> <li>Two Cyclone centre with all Norms</li> <li>New government quarters for hassle free accommodation for public servants.</li> <li>Sonar Tari, State Guest House and Circuit House for public convenience</li> </ul>
5	Aadhar Based Biometric Attendance	Aadhar Based Biometric Attendance system installed in the DM office and all the SDM Offices and Block Offices.	<b>To install Aadhar based Biometric Attendance at all the Gram Panchayats and Patwari offices by 2022</b>	<ul style="list-style-type: none"> <li>Along with the digital connectivity under NOFN project to the individual Gram Panchayat offices, Aadhar Based Biometric Attendance system is possible</li> </ul>

# **SKILL DEVELOPMENT**

Sl. NO.	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	To impart skill training to all educated unemployed youths.	It is being done in peace meal manner. No any organized efforts done till date.	<b>To impart some kind of skill training for sustainability and livelihood generation to all the unemployed educated youths.</b>	<ul style="list-style-type: none"> <li>• To converge resources under all the Scheme like Boarder Area Development Programme (BADP), Din Dayal Upadhyay Grameen Kaushalya Yojana (DDUGKY), North East Rural Livelihood Project (NERLP), National Urban Livelihood Mission (NULM) etc.</li> <li>• To select the sector of skill training as per the educational and technical ability of the beneficiary.</li> <li>• To give more focus for skill development with respect to the primary and secondary sector such as Floriculture, Mushroom cultivation, Paper bag making, Beautician, Bamboo, Handicrafts, Hardware and software development, business process outsourcing etc so that the skilled unemployed youths can find employment in the state itself and will be able to earn their livelihood in decent manner.</li> </ul>
2	Skill development training to neo literate	<ul style="list-style-type: none"> <li>• West Tripura District is having 97.5% adult literacy.</li> <li>• Presently equivalence Programme for neo-literate is being implemented by the State Government to teach the neo-literate up to standard fifth.</li> <li>• Till date only 10% of such neo-literates have been trained in some skill training.</li> </ul>	<b>To train all the new literate in some income generating skill on Craft by 2022</b>	<ul style="list-style-type: none"> <li>• To converge all the available resources for imparting skill development such as Boarder Area Development Programme (BADP), Din Dayal Upadhyay Grameen Kaushalya Yojana (DDUGKY), North East Rural Livelihood Project (NERLP), National Urban Livelihood Mission (NULM), Pradhan Mantri Kaushal Vikash Yojana, etc.</li> <li>• To impart training to newly literate mainly in Primary trades like high value vegetable cultivation, Mushroom, Horticulture, Poultry, Fruit Cultivation, Handicrafts etc.</li> </ul>

# **FINANCIAL INCLUSION**

SL. NO.	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	Financial Inclusion	<ul style="list-style-type: none"> <li>• Under PM Jan Dhan Yojana, record number of bank accounts has been opened in the District till date</li> <li>• 100% of MGNREA payments are done electronically directly into the bank accounts of beneficiaries.</li> </ul>	<ul style="list-style-type: none"> <li>• <b>To have bank account in 100% households</b></li> <li>• <b>Increase financial literacy among people of West Tripura District</b></li> <li>• <b>To transfer 100% financial benefits/subsidies electronically through DBT</b></li> <li>• <b>Prime Minister Jan Dhan Yojana, Mudra Scheme, Prime Minister Jeevan Jyoti Bima Yojana (PMJJBY), Pradhan Mantri Suraksha Bima Yojana (PMSBY), Sukanya Samriddhi Yojana are in force for self employment of unemployed youths and insurance coverage in unorganized sector etc.</b></li> </ul>	<ul style="list-style-type: none"> <li>• <i>Organize bank account opening camps every month, Block-wise IEC activity regarding benefits of opening bank account and associated benefits like life insurance and accidental coverage</i></li> <li>• <i>Encourage people through awareness generation to save money in bank account</i></li> </ul>

# **DIGITAL INDIA**

SL. NO.	PARAMETER	PRESENT SCENARIO	VISION 2022	REMARKS and ROADMAP
1	Digital Literacy	Digital divide present among people of District	<b>Make at least one member of every household digitally literate</b>	<ul style="list-style-type: none"> <li>• <i>Strict implementation of Pradhan Mantri Gramin DISHA Scheme.</i></li> <li>• <i>Assessment examination at the end of training module.</i></li> </ul>
2	Digital delivery of Services	123 Common Service Centers (CSCs) are functional	<b>To open one CSC in all the Gram Panchayat offices and in all the Ward offices of urban Local Bodies by 2022</b>	<ul style="list-style-type: none"> <li>• <i>Providing last mile internet connectivity to all 172 GP/VCs by 2019</i></li> <li>• <i>Start digital provisioning of all services at GP level in all 172 GP/VCs by 2020.</i></li> <li>• <i>Already under NOFN(national optic fiber Network) project optic fire connectivity is being provided to all the Gram Panchayat offices and is expected to be completed by 2018</i></li> </ul>
3	Agriculture	Limited access to Agriculture-related information for farmers.	<ul style="list-style-type: none"> <li>• <b>Information to farmers on farm inputs, soil, crop management, weather and marketing of agriculture produce</b></li> <li>• <b>Information to farmers on Govt. Scheme</b></li> </ul>	<i>To make available all information related to agriculture and allied sector to farmers on various platforms like Online, CSC, radio, local TV Channel, mobile SMSes and toll-free Call Centres</i>
4	Commercial Taxes	Lack of awareness and knowledge	<ul style="list-style-type: none"> <li>• <b>Electronic filing of returns, payment of tax and clearance of refunds</b></li> <li>• <b>Online dealer ledger</b></li> <li>• <b>Online issuance of GST/CST statutory forms through Tax Information Exchange System (TINXSYS)</b></li> <li>• <b>Facility to dealer to obtain various online information services</b></li> </ul>	<i>Awareness regarding the same shall be spread among public through mass media, short films, videos, etc.</i>

5	e- District	Manual distribution of certificates, licenses, grievance redressal, dissemination of information etc.	<ul style="list-style-type: none"> <li>• <b>Certificates:</b> Creation and distribution of certificates for income, domicile, caste, Birth, Death etc.</li> <li>• <b>Licences:</b> Arms Licences etc.</li> <li>• <b>Public Distribution System (PDS):</b> Issue of Ration Card, etc.</li> <li>• <b>Social Welfare Schemes:</b> Disbursement of old-age pensions, family pensions, widow pensions, etc.</li> <li>• <b>Complaints:</b> Related to unfair prices, absentee teachers, non-availability of doctor, etc.</li> <li>• <b>RTI:</b> Online filing and receipt of information relating to the Right to Information Act</li> <li>• <b>Linking with other e government projects:</b> Registration, Land Records, and Driving Licences, etc.</li> <li>• <b>Information Dissemination:</b> About government schemes, entitlements, etc.</li> <li>• <b>Assessment of taxes:</b> Property tax, and other government taxes.</li> <li>• <b>Utility Payment:</b> Payments relating to electricity, water bills property taxes etc.</li> </ul>	<i>Time bound delivery of all sorts of certificates, licenses, grievance redressal of complaints, return of RTI information, etc. to bring in transparency and accountability in service delivery and weed out middle-men.</i>
6	Municipalities	Lack of Efficiency, management, exposure	<ul style="list-style-type: none"> <li>• To provide single window services to citizens on anytime, anywhere basis</li> <li>• To increase the efficiency and productivity of Urban Local Bodies (ULBs)</li> <li>•</li> <li>• To develop a single, integrated view of ULB information system across all ULBs in the State</li> <li>• To provide timely and reliable management information relating to municipal administration for effective decision-making</li> <li>• To adopt a standards-based approach to enable integration with other related applications</li> </ul>	<i>Timely and reliable management of information relating to municipal administration.</i>

7	e-Panchayet	Manually maintenance of registers, delay in issue of certificates.	<p>Online delivery of following services:</p> <ul style="list-style-type: none"> <li>• House-related services</li> <li>• Issue of certificates of Birth and Death, Income and Solvency</li> <li>• Dissemination of internal process of Panchayat agenda, voting, and resolution</li> <li>• Copy of proceedings of Gram Sabha and Action Taken Report (ATR)</li> <li>• Receipt of funds/ progress report</li> <li>• Dissemination of BPL data</li> </ul>	<i>Extension of Net Connectivity to all Gram Panchayat Office through NOFN</i>
8	Common Service Centers	123 Common Service Centers (CSCs) are functional	<ul style="list-style-type: none"> <li>• Agriculture Services (Agriculture, Horticulture, Sericulture, Animal Husbandry, Fisheries, Veterinary)</li> <li>• Education &amp; Training Services (School, College, Vocational Education, Employment, etc.)</li> <li>• Health Services (Telemedicine, Health Check-ups, Medicines)</li> <li>• Rural Banking &amp; Insurance Services (Micro-credit, Loans, Insurance)</li> <li>• Entertainment Services (Movies, Television)</li> <li>• Utility Services (Bill Payments, Online bookings)</li> <li>• Internet Browsing, Village Commercial Services (DTP, Printing, level BPO).</li> </ul>	<i>To provide all sorts of services in all sectors in time bound manner</i>
